He said these problems need much precaution and proper education with regard to their food habits etc. He was shocked to learn that the J&K Govt. has failed to provide the medical aid to the exiled population particularly renal failure cases living in displaced camps.

He got the full feed back about the Mid day meal from the patients of Battal Balia camp. Dr. Warikoo himself observed that the displaced population is suffering with anemia and advised that the programme of Mid day meal shall be continued for few years more and shall be extended to other camps also. He donated 500 \$ on spot (Cheque) for the Mid day meal.
